

APRIL IS NATIONAL CHILD ABUSE PREVENTION MONTH

Four children die every day in the United States from child abuse. Children ages 0-3 are the most likely to experience abuse.

The best solution of child abuse is its prevention. The earlier in a child's life that intervention is started, the more effective it is.

Children's Relief Nursery is working to break the cycle of abuse and neglect in Portland.

We provide comprehensive services and ongoing support for the entire family. **All at no cost to the families.**

There are many ways YOU can help:

- *Learn the signs and symptoms of abuse, so you can report known or suspected child abuse to the local police department.*
- *Organize an event or fundraiser at your business, church or social group to raise money to support critical prevention programs.*
- *Encourage a local restaurant or business to donate the proceeds from a specific menu item, service or sales for an hour, a day or all month in APRIL.*
- *Help a stressed-out parent by offering to baby-sit, make dinner or just lend an understanding ear.*
- *Volunteer your time and talents whether it's once a week, once a month or once a year.*

Safe kids. Strong Families.
